

## Atlantic Dental Implant Seminars

ADIS implant seminars feature world-class clinicians, educators and researchers and offers a comprehensive learning experience for general dentists and specialists.

Clinicians will learn how to provide cost effective implant treatment, while adhering to currently accepted concepts of implant therapy.

### Atlantic Dental Implant Seminars Advantages

- Small groups, personalized training
- Low cost
- Comprehensive lectures, live surgeries
- Hands-on sessions with individual instructor supervision
- In depth review of surgical and restorative protocols with coverage of a wide spectrum of implant types and systems
- Participants are encouraged to bring their own cases, with radiographs and mounted diagnostic casts, for discussion and guidance
- After course completion, participants can contact faculty by e-mail, telephone, or fax for assistance in diagnosis and treatment planning of their own implant cases
- Certificate of completion from AAIP American Academy of Implant Prosthodontics and ADIS

ADIS will assist in implant treatment of your patient(s) at our facilities. After a course is completed, participants can bring their own patient(s) and perform implant surgery at our offices under supervision.

The day of surgery must be scheduled not longer than 12 weeks after the seminar. Dentists must comply with New Jersey state board license requirements, and may be required to obtain temporary malpractice insurance. Observers do not need to obtain malpractice insurance.

No insurance is needed for CE courses presented in Jamaica. ADIS will assist you with registration for treating provided patients in Jamaica.

Fees schedule for individual patient treatment at ADIS facilities available on request.
